Babini, Gioia
BD

Gioia is currently the Director of Medical Affairs of BD Life Sciences Integrated Diagnostic Solutions EMEA**.**

In 2002, Gioia began working for BD Life Sciences as a Scientific Affairs Manager for Diagnostic system Europe. Gioia has overseen many clinical studies and over the years has assumed additional responsibilities resulting in now covering the entire Microbiology portfolio solutions (with a focus on antimicrobial resistance, blood stream infections and sepsis) as well as Molecular and Women Health & Care solutions.

Gioia received her BSc from the University of Catania (Italy) before working as a research scientist for several years in the field of antimicrobial resistance. Gioia received a PhD in Clinical Microbiology at the department of Medical Microbiology, St Bartholomew's and the Royal London School of Medicine and Dentistry, London, U.K. Prior to joining BD she worked as a Research Scientist at R&D Laboratories of the pharmaceutical company S.I.F.I. S.p.A. (Catania, Italy).
