Aguar Fernandez, Maria Pilar
European Commission

Ms. Aguar joined the EC working for the DG for Health & Consumers on evaluation of the performance of national authorities and food-safety control systems in 2001. From 2005 to 2012, she was involved in development and management of European Research Programmes in DG for Research & Innovation. From 2012 to 2015, she was Head of the Chemicals Assessment and Testing Unit at the Joint Research Centre, developing testing methodologies for policymakers in the framework of EU legislation on chemicals and consumer products. In 2016, she became Head of the Consumer Products Safety Unit, working on safety and risk-benefit assessments, of nanomaterials and nanomedicines, health technologies and consumer products. From 2017 until 2019, she led the Unit “Innovative tools, technologies and concepts in health research”, within the DGI for Research & Innovation, managing European research projects in health and environment and in regenerative medicine. Since June 2019, she is in charge of the Unit “Health Innovations”. Pilar holds degrees in Pharmacy and in Food Science and Technology with additional studies in Toxicology. Before joining the European Commission, she worked for the Spanish Ministry of Health in different positions.
