Baldini, Benedetta
European Social Insurance Platform

Since 2020, Benedetta Baldini is in charge of European health policies at the European Social Insurance Platform (ESIP), the umbrella organisation bringing together 46 national statutory social security institutions from 18 EU Member States and Switzerland.

Prior to joining ESIP, Benedetta worked in the context of European social policies. Interpreter by training, Benedetta also holds a Master in political communication and international affairs.

She has a strong interest in timely, affordable, equitable access to physical and mental healthcare, and sustainable health systems to protect our European welfare states.

Benedetta is part of several health policy networks: the European Commission-led eHealth and Beating Cancer Stakeholder Groups, the HTA Stakeholder Network, the Critical Medicines Alliance, the WHO/Europe Novel Medicines Platform, the informal IPSE Network – Italiani per le Politiche Sanitarie Europee, and since 2023 the Young Forum Gastein.
