Baldini, Lisa
Italian National Agency for Regional Healthcare Services

Lisa Baldini is a multidisciplinary professional with degrees in European Languages and Cultures, International Business Development and Healthcare Innovation and Management. Her main interest is in international and european collaborations to promote the sustainability, accessibility and resilience of healthcare systems. With this goal in mind, she has been working at the Research Unit in AGENAS – the Italian National Agency for Regional Health Services – as programme and financial manager for 5 years on multiple projects within Horizon Europe (Cluster 1 Health), the Third EU Health Program and EU4Health programme. She is currently principally working as project and financial manager within the coordinator team of the HEROES Joint Action ("HEalth woRkfOrce to meet health challEngeS"), the largest EU Joint Action ever fielded dedicated to Healthcare Workforce planning.
