

Carpentier, Kunegonde

Johnson & Johnson

Kunegonde Carpentier is Senior Director External Affairs and Strategic Alliances in the Governmental Affairs & Policy (GA&P) EMEA team at Johnson & Johnson. Passionate about health and well-being, Kunegonde leads the development of long-term alliances and partnerships throughout the region, to position health and well-being of EU citizens at the centre of policy making and as an intersectoral determinant for economic welfare.

In this role, Kunegonde has established and coordinated the implementation of multiple partnership platforms and initiatives, such as the 'All Policies for a Healthy Europe' Coalition and the 'The European Health Parliament'.

Kunegonde joined the GA&P EMEA team five years ago as Director, GA&P in MedTech, after a career in sales and marketing at Johnson & Johnson (MedTech) and Organon (Gynecology and Psychiatry).

Kunegonde holds a Master of Science in Physical Education from the University of Leuven, specialising in Adult Educational Sciences from the Free University of Brussels.
