Kruse, Florien
Dutch Ministry of Health, Welfare and Sport

Florien Kruse is a Senior Policy Advisor in the Macro-Economic Affairs and Labour Market Department at the Dutch Ministry of Health, Welfare and Sport (VWS). She focuses on evidence-based policymaking, leads a strategic project to improve alignment across healthcare legislation, and serves as the Dutch delegate to both the OECD Health Committee and the Expert Group on Health Systems Performance Assessment.

Florien completed her PhD at Radboudumc (Nijmegen), where she researched commercially oriented healthcare providers, with a dissertation entitled “Healthcare provision: open for business? Market dynamics, performance and ethics of commercially-oriented healthcare providers, using the Netherlands as a case study”. She also co-supervised the dissertation “Enhancing streamlining and affordability of care for patients with multimorbidity.” Florien worked previously at Eurofound and PAHO/WHO in Suriname
