Franz, Xavier
Varian Western Europe

Xavier Franz is currently Director, Government Affairs - Western Europe in VARIAN.

For the last 10 years, Xavier was holding a position in Market Access/Reimbursement departments for both Accuray at EIMEA level and Johnson & Johnson in France, 5 years each respectively. Before this period and being on the Med Tech / Capital Equipment's side, Xavier was holding various roles in management and finance on the hospital's side, both in France and in Italy.

Xavier has two Masters, one in Business School and the other one specialized in Economics and Management of Health Services.
