Habl, Claudia
Austrian National Public Health Institute

Claudia Habl has been working in the field of health care and health policy for over 25 years. After working in hospital administration, she joined the Austrian Public Health Institute Gesundheit Österreich GmbH (GÖG) in 1998, where she worked on several topics in the field of health and social care focusing on big data, public health, health systems performance, health policy, medicines and medical devices. She has been a member of GÖG's executive board since September 2021 and was appointed Chief Operating Officer of GÖG in January 2025. She is (co-)author of a number of publications in the field and has more than a decade of experience in managing, leading, and presenting large-scale EU project and contributes to the JAs eCAN+, PREVENTNCD and NFPEU4Health. She is also in charge of the legal team in her institution. Claudia has been consultant to EU and WHO for a number of topics, including digital health, health information and pricing of pharmaceuticals – just to mention the current ones. An important publication is the Study on Big Data in Public Health, Telemedicine and Healthcare done for DG SANTE.
