Heckert, Uwe
Philips DACH GmbH

Since June 2021, Uwe Heckert has been CEO of Philips DACH GmbH and since May 2023, he has assumed the additional function as Regional Business Leader Enterprise Informatics Europe & Growth.

After studying business administration in Berlin, Göttingen and at the State University of New York, Uwe Heckert started at McKinsey & Company Inc. in 1997, where he worked as a consultant and senior project manager. During this time, he did his Doctorate in business informatics on the topic of knowledge management. In 2005, he moved to T-Systems International, where he managed various areas, most recently as Senior Vice President for ERP/SAP Systems Integration. From 2013, Heckert continued his career at the international IT service company Unisys. After successfully managing the EMEA business in the public sector as Vice President & General Manager, he assumed a global role in the area of business applications and solutions.
