

Kloimueller, Irene

Fit2Work

Irene Kloimüller was trained as medical doctor, health care manager and psychotherapist. Since 1995 she is focussing in her work on maintaining and regaining work ability and return to work concepts. She is guiding the Austrian National Programme fit2work- business consulting service and counselling with her company “Wert:Arbeit” companies and organisation on maintaining work ability.

She is also co-director of the post-grade course “work ability and inclusion” at the Medical University Vienna.
