Korakianiti, Evdokia
European Medicines Agency

Evdokia joined the European Medicines Agency in 2002. Since 2020, she is leading the Quality and Safety Department, which ensures that patients take medicine that are safe, are of the best possible quality and are manufactured in compliance with EU and international standards. She leads the Agency’s strategic priority to facilitate the uptake of advanced manufacturing approaches in EU and is part of the ICMRA PQKMS group.

Evdokia trained as a pharmacist at the School of Pharmacy of the University of Athens and received a M.Sc. and a Ph.D. in Pharm. Technology from the same Faculty.
