Kroezen, Marieke
Erasmus Medical Centre

Marieke Kroezen, PhD is project manager at Erasmus University Medical Center Rotterdam (the Netherlands) where she manages the development of two national multidisciplinary guidelines for people with intellectual disabilities. She also acts as editor and author for Skill-mix Volume II 'Improving primary and chronic care: skill-mix innovations and implementation', developed by the European Observatory on Health Systems and Policies, and participates as an expert in the Erasmus+ project 'Quality management systems and impact measuring in providing LTC'. Previously, she worked on various European health workforce-related projects, including the Joint Action on Health Workforce Planning & Forecasting, the study 'Recruitment and Retention of the Health Workforce in Europe' and the study 'Core Competences of Healthcare Assistants in Europe'.
