Morrissey, Mike
MSD

Mike Morrissey is Mike Morrissey is MSD's Associate Vice President, Global Public Policy, Europe & Canada Hub Leader. Mike was former Chief Executive of the European Cancer Organisation, having previously worked at the European Society of Cardiology (ESC) as their Chief Operating Officer.

Mike has a respected track record in leading and re-energising international not-for-profit organisations in the health and other sectors. He has served in various leadership roles and brings with him over 20 years of experience in association management. Mike is recognised for developing and managing global collaborations as well as for supporting strategic leadership and operational implementation.

Prior to joining the ESC in 2016, Mike was Executive Vice President & Chief Global Officer at the International Council of Shopping Centres (ICSC) and Managing Director of the International Federation of Air Line Pilots' Associations (IFALPA).

Mike's early career was as one of the leading tennis officials in the world when he worked for the International Tennis Federation (ITF) and umpired many finals at Grand Slam and Davis Cup events.

In addition to his work for the European Cancer Organisation, Mike provides advice and services to other organisations through his management company 'Morrissey Global Management'.
