

Mugan, Andrea

AstraZeneca

Andrea Mugan has been serving as **Area Vice President for Western and Southern Europe at AstraZeneca** since May 2024.

She graduated with First Class Honours in Medical Science (BSc) from The University of Leeds (UK) and began her pharmaceutical career in 2000 at Pfizer, where she held various roles in sales and marketing.

Since joining AstraZeneca in 2007, Andrea has held roles in brand management, pricing, market access, and commercial operations within the Cardiovascular, Renal and Metabolic (CVRM) and Respiratory therapy areas. As Commercial Vice President for Europe, she shaped strategies to meet EU needs and enhance patient access in partnership with EU countries. In 2018, as AstraZeneca's Country President for Switzerland, she drove multiple product approvals and launches in collaboration with the local healthcare ecosystem.

In 2020, Andrea joined the global oncology team as Global Commercial Vice President, developing strategies for multiple tumour types. She later advanced to Global Franchise Head for DDR and GYN/GU Cancers, overseeing the DNA damage response (DDR) portfolio and co-leading the development of strategies for gynaecological and genitourinary tumours.

Andrea is a founding and leading member of the Ovarian Cancer Commitment Steering Committee – a coalition dedicated to improving the lives of those with ovarian cancer.
