

Håkansson, Peter

Karolinska University Hospital

Peter Håkansson is Head of Medical Technology at Karolinska University Hospital and Lead for Region Stockholm's Hospital@Home project. He has more than 25 years of leadership experience at the intersection of healthcare and technology, with a strong focus on innovation and digital transformation. His career spans both the healthcare industry and provider sectors in developed and developing countries, giving him a broad and unique perspective on the challenges and opportunities in modern healthcare.

Peter holds a Master of Science in Medical Technology from the Royal Institute of Technology in Stockholm.
