Kreutzer, Pia
Austrian Federal Ministry of Labour, Social Affairs, Health, Care and Consumer Protection

Pia Kreutzer is a Policy Officer in the Department of DRG, Health and Pharmaceutical Economics at the Austrian Federal Ministry of Labour, Social Affairs, Health, Care and Consumer Protection, where she has worked since August 2024. Her focus is on ensuring the long-term financial sustainability of the healthcare system, particularly through health system performance assessment (HSPA) and reducing low-value care. She is actively contributing to a European Commission-supported international initiative (Technical Support Instrument, TSI) to advance the systematic use of HSPA for evidence-based policy-making.

Before joining the ministry, Pia worked in healthcare consulting and as a research assistant, specializing in projects at the intersection of business, economics, and health. She holds double Master's degrees in "Strategy, Innovation and Management Control" and "Economics and Management of Innovation and Technology", as well as a medical degree. She studied in Vienna (AT), Montréal (CA), Milan (IT), and Alicante (ES), and has volunteered in Chile and South Africa.
