

Piso, Brigitte

Gesundheit Österreich GmbH (GÖG)

Brigitte Piso is Head of the Austrian National Institute for Quality in Health Care (BIQG) at the Austrian Public Health Institute and is also in charge of one of BIQG's departments (Dep. for Evidence and Quality Standards). Brigitte studied medicine at the Medical University of Vienna and Public Health at the Medical University of Graz. After working as a researcher at the Medical University of Vienna and finishing parts of her clinical training she spent almost 10 years at the Ludwig Boltzmann Institute for Health Technology Assessment (as Senior Researcher, Head of the Dep. 'Public Health and Health Services Research' and finally Deputy Director). Her research focused on HTA for non-high tech, complex interventions. Brigitte is member of several committees and working groups and teaches HTA, EbM and Quality of care at the Medical Universities of Vienna and Graz as guest lecturer. On the basis of her educational and vocational background Brigitte is convinced of the necessity of evidence transfer into policy, but she is also aware of its challenges.
