

Rajan, Dheepa

European Observatory on Health Systems and Policies

Dr Dheepa Rajan joined the European Observatory on Health Systems and Policies in July 2022, before which she spent over 15 years at WHO headquarters in various health system roles, covering national health planning, health system performance, participatory governance, and primary health care. She is currently leading the publication of WHO-European Observatory global report on primary health care. She did an MD at the University of Goettingen in Germany, followed by a Master's degree in health economics and policy from the UK, and completed her doctorate on traditional medicine in India.
