

Rutter, Harry

London School of Hygiene and Tropical Medicine

Dr **Harry Rutter** is a British public health physician. He is a senior clinical research fellow at the London School of Hygiene and Tropical Medicine, a senior strategic adviser to Public Health England, and an adjunct professor of public health at both University College Cork, Ireland, and the Sogn og Fjordane University College, Norway. He trained in medicine at the universities of Cambridge and London, and has an MSc in public health from the London School of Hygiene and Tropical Medicine. He was the founder director of the National Obesity Observatory for England, chaired the Programme Development Group (PDG) for guidance on measures to promote walking and cycling for the National Institute of Health and Clinical Excellence (NICE), sat on the NICE PDG For whole system approaches to obesity, led the development of the National Child Measurement Programme childhood obesity surveillance system, and sat on the management group of the Foresight Obesity project. He sits on the WHO Europe steering groups for the Cycling and Walking Health Economic Appraisal Toolkit (WHO HEAT); the European Health and Environmental Economics Network (EHEN); and the Child Obesity Surveillance Initiative (COSI). He is co-chair of the public health and prevention task force of the European Association for the Study of Obesity (EASO), and sits on the scientific committee of the EASO annual conference.
