

Schatz, Eberhard
Correlation Network

Eberhard Schatz (1955) studied social work in Germany and worked for drug counselling services in Germany and cross-border projects between Germany and the Netherlands. From 1998 to 2004, he established numerous European projects and collaborations on behalf of the Rainbow Foundation in Amsterdam. Since 2005, Mr Schatz is one of the coordinators of Correlation – European Network Social Inclusion and Health, with more than 180 partners from all over Europe. He is responsible for the overall management of the network, the organisation of seminars and conferences and a large number of publications and reports. Correlation is member of the Civil Society Forum on HIV, HCV and TB and the Civil Society Forum on Drugs, which he chaired for a couple of years. In 2014 Correlation established the Hepatitis C Initiative. He is involved in different external projects and advisory boards at the national and international level.
