Schoeters, Greet
Flemish Institute for Technological Research (VITO), Belgium

Greet Schoeters manages the Environmental Health projects at VITO, is professor at the Public Health Institute of the University of Southern Denmark University and Professor at the Department of Biomedical Sciences of the University of Antwerp.
She coordinates the Flemish human biomonitoring study (FLEHS) of the Flemish ministries of Environment and Health (2002-2020) and participated in the EU ESBIO and EU COPHES project to prepare a European human biomonitoring programme. Currently she is co-coordinator of the European HBM4EU project.
HBM4EU is a joint effort of 28 countries and the European Commission, co-funded by Horizon 2020. The main aim of the initiative is to coordinate and advance human biomonitoring in Europe in order to provide better evidence of the actual exposure of citizens to chemicals and the possible health effects to support policy making.

She is member of the Scientific Committee of the European Environment Agency (EEA) and participated in the European Scientific Committee of Health and Environmental Risks (SCHER 2013-2016) and of the CONTAM panel of the European Food Safety Agency (2003-2006). She was president of the European Society for Toxicology in Vitro (2008-2012).
