Thomas, Anna
OM Pharma

Anna Thomas is Chief Scientific Officer at OM Pharma, leading the Scientific part of the organization covering Clinical/Pre-Clinical development, Regulatory Affairs, Drug Safety, Medical Affairs and Public Affairs.

Anna joined OM Pharma in 2022 after more than 20 years of extensive R&D experience within the pharmaceutical industry and non-for-profit Global Health sector. With an initial focus on regulatory drug development and registrations, she held R&D roles of increasing responsibility and scope in the pharmaceutical industry and non-for-profit Global Health. Anna is a pharmacist by training, with a Master's in International Drug Development from Paris XI University.
