van Ginneken, Ewout
European Observatory on Health Systems and Policies

Dr Ewout van Ginneken is Director of the European Observatory on Health Systems and Policies.

His expertise is in comparative international health systems research and health policy research. His main interests include health financing, health access, insurance competition, care purchasing, integrated care, cross-border care, and migrants' access to care. He has published widely on these topics in international peer-reviewed literature and the wider literature. He is a series coordinator of the Health Systems in Transition (HiT) series and has co-authored the HiT template as well as several reviews including on the health-care systems of Bulgaria, the Czech Republic, Estonia, Lithuania, the Netherlands, Slovakia, Slovenia and the United States of America.

Before joining the Observatory, Ewout was a senior researcher at the Berlin University of Technology and a 2011–2012 Commonwealth Fund Harkness Fellow in Health Care Policy and Practice at the Harvard School of Public Health. He holds a master's degree in health policy and administration from Maastricht University in the Netherlands, and a PhD in public health from the Berlin University of Technology.
