GASTEIN

ABOUT

The Young Forum Gastein (YFG) serves as a unique platform for young health professionals and experts. It offers an exclusive opportunity to learn about current developments in Europe and to liaise with a number of high-level experts in the field of health. In addition, the YFG provides its members with year-long opportunities to professionally improve through various workshops and webinars.

ACTIVITIES

EHFG Conference Report compilation

YFG tailored skills-building and mentoring sessions

Speaking opportunities at the EHFG

Exclusive meetings with senior decision-makers

YFG Network participation at international conferences and webinars

"The YFG program provides a unique opportunity to further develop essential advocacy skills, socialize with peers, and easily engage with leaders in the field. Change is in the air!"

Arjan van der Star, PhD Candidate
Department of Clinical Neuroscience
Karolinska Institutet, Solna
